Thank you, Artist Residence

Thanks to the generosity of the Artist Residence in Regency Square who have funded not only the Christmas Tree but lights to make a spectacular show.

The tree will be in the top garden of Regency Square. It will be erected and maintained by Simon Hughes and his facilities team from BAi360.

It will also be Simon's wizardry that will ensure that the tree lights up as the pod makes a pause half way up our flight to the very top.
